SOLEIA CREATIVE PACKAGE

Immersive LED Environments & Branded Overlay Design

We will animate your brand's visual assets and turn them into Soleia's immersive experience. Our team manages the entire video mapping workflow and delivers animations directly to our playback server for stable, optimized performance. You will supply brand assets, logos, graphics, and mood board references, and we will develop a storyboard for a memorable guest journey, including a dynamic elevator animation to greet guests upon arrival.

INCLUDED IN YOUR VENUE CONTRACT

Up to 10 static logos — LED screens · 1 static logo — all TVs, Cabanas & Bungalows

ADDITIONAL OPTIONS

Additional Transparent Logo Animation

Individual transparent logo animation.

Elevator Dynamic Animation

Dynamic elevator branding with directional content (3 deliverables): static image for stationary position, animated video for ride up, and animated video for ride down.

Elevator Static Logo

Content to spec provided by client.

Individual Cabana / Bungalow Logo

Individual logo in a dedicated cabana or bungalow, up to 24.

3D Previz

We provide a 3D previsualization walk-through of your content mapped onto our venue's LED screens, shown in ultra-photorealistic detail. This allows you to review how your brand assets, motion graphics, and ambient visuals will look and feel in the space before production, ensuring alignment with your creative and technical goals.

VIDEO MAPPING & LOAD FEES

Mapped by Soleia Creative Team

Mapping of client animations, max 50 GB. Revisions to content after delivery (new files, edits, or re-export) will incur additional fees.

Mapped to Spec by Client

Client maps content to spec and provides to Soleia (no edits needed by Soleia Creative Team), max 50 GB. Revisions after delivery will incur additional fees.

Outside Arch Specific Video

Content to spec provided by client.

Performing Artist — Mapped by Soleia Creative Team

THE PROCESS

14 Days	3 Days	1 Round
CONTENT CREATION	CLIENT REVIEW	REVISION & FINAL DELIVERY
